So far, we have no note for discussion today. Even if we do not receive anything now, let us meet and discuss the larger context and our place in it.

A few days back, I had prepared the following as a (rough) context in which we need to focus our ideas and discussion. I can initiate the dialogue with this before us. If it is agreeable, the meeting invitation may be sent.

2. **Centre – State Relations**, India
3. Corona **Condition** worldwide.
