

Decisions of 26Apr2022 Meeting

In the weekly Meeting on Tuesday, 26Apr22 we discussed the progress toward book publication. The following decisions were taken:

1. Since the preparation of final drafts of articles is likely to take some more time, it is desirable to produce the Hindi book first and then the English version. The Hindi book should not have very long articles (>200 words).
2. The work of modifying original English articles to align them to the context of the book (farmers' movement and future vision) and preparing final drafts should be completed as planned, but before 15May22.
3. As far as the long articles (longer than 1500 - 2000 words) are concerned, the authors should also their prepare shorter versions of their articles suitable for translation for the Hindi book aimed primarily at activists. See the Article_Detail.pdf file for word-lengths of articles.
4. Authors can choose to prepare the shorter versions suited for Hindi book first, if they want. This will make it easier to organize translation work.
5. The final articles should be submitted to Girish and Gandhi as Word documents. Girish will communicate by 1st of May the font, format etc to be used for article entry in Word. This is for uniformity as well as ease of final composition in PageMaker.
6. The target date to produce the books is end of May 2022.
